

De Stomp ass net d'Enn vun der Zigarett.

FIR D'NATUR ASS E JUST DEN UFANK VUM PROBLEM.

2/3 landen op der Strooss, um Trottoir oder am Waasser!

E klenge Reen geet duer, fir déi **gëfteg** Stoffen an eis Biedem a Flëss ze bréngen.

De Filter ass aus **Plastik** dee sech nëmme ganz lues (an net komplett) an der Natur zersetzt.

D'Stëmp kënne vu wëllen **Déiere** giess ginn an zum Leiden / Doud féieren.

Zigarettestëmp sinn deen Offall, deen am heefegsten an der Natur ewechgeheet gëtt.

Si gehéieren net op de Buedem, mee an den **Äschebecher** / an d'**Poubelle**!

Die Kippe ist nicht das Ende der Zigarette.

FÜR DIE NATUR IST SIE ERST DER ANFANG DER PROBLEME.

2/3 landen auf der Straße, dem Gehweg oder in Gewässern!

Wenn es regnet, gelangen die **giftigen** Elemente in unsere Böden und Flüsse.

Der Filter besteht aus **Kunststoff**, der sich nur sehr langsam und unvollständig zersetzt.

Von **Tieren** verschluckte Kippen können schmerzhaft oder tödlich sein.

Zigarettenkippen sind der Abfall, der am häufigsten in die Natur entsorgt wird.

Sie gehören nicht auf den Boden, sondern in den **Aschenbecher / Müll!**

Le mégot n'est pas la fin de la cigarette.

POUR LA NATURE, IL N'EST QUE LE DÉBUT DES ENNUIS.

2/3 finissent sur la route, le trottoir ou dans les cours d'eau!

Une petite pluie suffit à lessiver les produits **toxiques** vers nos sols et nos rivières.

Le filtre est en **plastique**, dont la dégradation dans la nature est très lente et incomplète.

Les mégots ingérés par des **animaux** peuvent être douloureux / mortels.

Non!

Le mégot de cigarette est le déchet le plus souvent jeté dans la nature.

Sa place n'est pas sur le sol, mais dans le **cendrier** ou la **poubelle!**

RESPECT.
SANS FILTRE.

A bituca não é o fim do cigarro.

PARA A NATUREZA, É APENAS O COMEÇO DOS PROBLEMAS.

2/3 acabam na estrada, calçada ou cursos de água!

Um pouco de chuva é suficiente para lixiviar os produtos **tóxicos** nos solos e rios.

O filtro é feito de **plástico**, cuja degradação na natureza é muito lenta e incompleta.

Animais podem ingerir bitucas, o que pode causar sofrimento ou morte.

Não!

A bituca do cigarro é o resíduo que mais frequentemente é jogado na natureza.

Seu lugar não é no chão, mas no **cinzeiro** ou no **lixo residual!**

The butt is not the end of the cigarette.

FOR NATURE, IT IS ONLY THE BEGINNING OF TROUBLE.

2/3 end up on the street, on the sidewalk or in streams!

When it rains, many **toxic** elements are leached into our soils and waterways.

The filters are made of **plastic**, which degrades only slowly and incompletely in nature.

Animals can ingest butts, which can cause digestive problems or death.

The cigarette butt is the single most frequently discarded object in nature.

Its place is not on the ground, but in the **ashtray** or the **trash can**!

RESPECT.
WITHOUT FILTER.
